Quick Learner

Self Motivated

PROFILE

Passionate and skilled engineer with a strong background in Information Technology, actively seeking valuable opportunities and exposure within the technical industry. Enthusiastically committed to continuous learning and keen on contributing expertise to the dynamic field of development and management

TECHNICAL SKILLS

- Python
- HTML / CSS
- JavaScript
- Data Structure
- MySQL
- C Programming

INTERNSHIP

Intern, TechbyHeart, – Kochi 5/09/2023-15/09/2023

- * Acquired proficiency in Python programming.
- * Gained knowledge with Python framework

EDUCATION

- Bachelor of Technology ,IT FROM 2020 June-2024 July
 - Address - Calicut University Institute of Engineering and Technology
 - Website - <http://cuiet.info/>
- Secondary School 2018 - 2020
 - Address - PPTMYHSS CHERUR
 - Website - <https://pptmyhsscherur.in/>

PROJECTS

English to Malayalam Translator January 2024

- Fine-tuned the mBART model using the Samanantar dataset with optimized parameter values to develop a cutting-edge translation system.
- Implemented the system using Python, Flask, Google Colab, and CUDA for GPU acceleration.
- Leveraged the Transformer architecture to achieve high-quality, efficient translations, enhancing crosslanguage communication.

Student bus ticketing system July 2023

- Developed a bus card issuance and validation system using Python, Django, and SQLite.
- Implemented barcode scanning for student ID cards to automate attendance tracking.
- Streamlined the bus ticketing process, reducing administrative workload and improving efficiency.
